

Camp Copass Boys Camp 2005 Evaluation Comments

It was a great camp. We loved the kids & I was blessed to be a part of it!

It was just very encouraging & definitely a time for me to stay committed to what He has called me to do. David & Mills were great!

Thanks for inviting me. Russell & Ray were great to work with. You all did a great job.

Great year just one adjustment with sling shots – maybe better equipment.

This year was better than last which was also great. The splitting up of the “church groups” allowed each camper to mix & make new friends & keep each group small enough to be easily controlled. There was much less confusion this year. Each counselor was always updated promptly and in a timely manner. Since I was able to spend time with both the crusaders and challengers I would like to add that what God is doing thru Stan & Randy allows the campers to feel open to talking about Christ to their counselors, peers and pastor. The only change I can think of to suggest is to have one blank period each day. I think this period would allow the groups to bond and give the counselors a chance to answer questions, bond, pray and relax with their group.

The dorms need to have brooms and mops.

Keep serving Jesus. Helping wherever I can.

Thanks for the opportunity to serve as camp missionary. Great kids, fantastic leadership, Awesome God! From my perspective, very smooth, well-run, spiritually focused on the Lordship of Christ.

The best camp.

David Burke is awesome!!

I had a great experience at camp. I can't wait to come again next year. Suggestions – camp list on line for parents – what to pack. Words to songs in booklet so we can take them home.

Better pre-registration would help with the shirt sizes. Overall, a big improvement from last year and a great camp.

This is the best camp experience I have ever been a part of! Thanks to everyone who has made it possible. Suggestions: 1) I have loved the counselors meetings. It would be great if we could have 15-30 minutes for a devotional time together in the mornings. 2) Boys could use a little more free time.

This week has been an awesome pit stop for my spiritual life. I have been refueled and re-energized. Thanks for your devotion to Christ and to helping these young Christians boys grow up to be strong Christian men. We can change the next generation one Christian child at a time.

I really like age group activity. I sure hope more folks decide to help. Not sure about next year but will help plan. I would sure like to market camp to churches.
