

Boys Camp 2007 Evaluation Comments

I feel the camp was exceptional.

I didn't get to any of the activities except Outdoor Cooking, so my boys judged the activities.

The singing was graded AVG because the words were sung too fast and not easy for the boys to memorize. Not one boy could tell me the words to any of the songs we sang.

Safety at BB Guns

Worship – Outstanding

Swimming could have more structure; hard to do with so many boys.

Really liked splitting the boys into age groups.

Although this is really important stuff, the somewhat laid-back, “we'll get it done” attitude seems the right way to approach it.

Each and everyone of my kids loved their time here this week. It made me enjoy my week even more.

Like the new schedule. Not quite as busy. More time with your boys.

Thanks for the chance to be with you guys this week. I am very encouraged with what I am seeing in men stepping up and taking charge of activities. This is an excellent way to build and grow the Boy's Camp. I have been impressed with the spirit of the camp in seeking the Lord's direction for the future. Congratulations on a great camp and I look forward to being able to participate with you in the future. Murrie Wainscott – Outdoor Cooking Assistant
